

Yuyao Ume Electrical Appliance Co., Ltd (UMETC)

[Yuyao Ume Electrical Appliance Co., Ltd](#) (UMETC) is located in Yuyao, Zhejiang which is very close to Beilun Port (the most important one in southeast of China), and less than 1 hour drive to Ningbo Airport or Hangzhou Airport, only 2hours drive to Shanghai Airport.

UMETC is specialized in developing, manufacturing and selling outdoor lightings product, especially the solar lights and led lights. It has its own complete supply

chain including tooling marking, metal parts punching and plastic parts processing.

The challenge of lighting is to create products which are a balance between the shape impact and attractiveness, and real functional values of use. The LED revolution has completely changed the world, giving us a lot of new opportunities. Based on the protection of the natural environments, and saving resources, new green energy are used more and more. So we must follow the latest technical innovations but also improve them, especially with solar energy and lighting control processes.

In our daily life we are surrounded by interactive and connected products. For many reasons it is evident for the lightings field to embrace this, among which is the ability to organize the light at will: temperature, color, control of the sensors, programation, energy saving and control, interactivity between several light points, sound ... Our new APP, running on a smart phone, can help program and control all the information received through our products.

Hope you will be interested in learning more about company and products, you are always welcome to visit us.
